

# CPD Seminar

## DALI and Applications

This presentation aims to provide an introduction to the DALI / DALI2 protocol, describing DALI Broadcast and DALI Addressable and discusses the pros and cons of both systems over the life cycle of the install.

Case studies then provide further context to the subject matter.

At the end of the seminar, participants will have examined the following topics:

- **What is DALI and DALI2**
- **In which application would DALI be used**
- **DALI broadcast or addressable**
- **Basic Topography of a DALI system**
- **Overview of DALI Standards**

### SEMINAR CONTENT

1. Introduction to DALI
2. DALI Overview

- DALI Functions
- What is DALI Broadcast?
- What is DALI Addressable?
- Pros and Cons of both systems over the life cycle of the install

#### 3. Complete Networked Systems

- Options, Flexibility, End User Enhancements

4. Case Studies
5. Summary
6. Regulations and standards
7. Further learning
8. Q&A

### TARGET AUDIENCE

This seminar is ideal for:

- Architects
- Designers
- Product specifiers
- Facilities Managers
- Electrical consulting engineers
- Electrical contractors
- Clients
- Students
